SUBJECT: CREDITABLE SERVICE  
PUBLIC EMPLOYEE'S RETIREMENT FUND

House Bill 1325 passed by the 1972 Legislature contained a major change in the re-instatement of creditable service.

Service between participating municipalities may now be creditable without returning to employment with the former employer. This may be accomplished by a properly certified statement from the governing body of either employer stating that they are willing to accept the employer liability for this service.

EXAMPLE: An employee of Vanderburgh County had 10 years of prior service with the City of Evansville before the city came into PERF. If the City Council of Evansville or the County Council of Vanderburgh County submits a signed statement that they are willing to accept this liability, the 10 years of service would be granted without the employee returning to employment with the City of Evansville.

IMPORTANT: Under the current interpretation of this amendment, the service can only be granted between 2 participating municipalities. It cannot be granted between the State of Indiana and a municipality.
